FOR IMMEDIATE RELEASE – July 17, 2019

**The Voice on the Net Coalition Statement Concerning the  
Stopping Bad Robocalls Act (H.R. 3375)**

The Voice on the Net Coalition (VON) has actively supported and participated in Federal Communications Commission and industry efforts to reduce unlawful robocalls. We appreciate the bipartisan leadership of Congressmen Frank Pallone, Greg Walden and the entire House Energy and Commerce Committee to advance H.R. 3375, the “Stopping Bad Robocalls Act.” We look forward to working with House and Senate members and their staff on passage of legislation that will protect consumers and empower industry and regulators with tools to eventually eliminate unlawful robocalls.
